## **PRP Seat mount for the 03-06 Jeep Wrangler TJ DRIVER SIDE**

Your hardware kit should include:

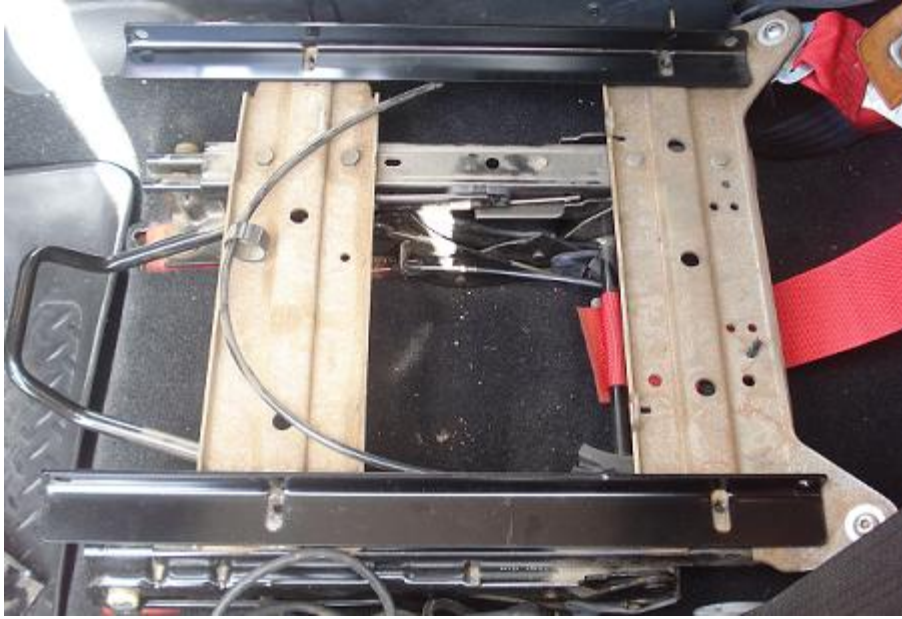

4 – 3/8" X 1" Bolts

4 – 3/8" nylon lock nuts

1. Remove your stock seats from the mounting hardware until your mount looks like the picture below. (the picture was taken from the door shooting into the cab)

2. Place the black brackets from the package labeled Driver's Side down as shown in the picture below.

3. Using the stock bolts that you removed from the holes that the brackets are aligned with, attach the new black brackets to your stock mounts.
4. Then install your new PRP seats by aligning the seat tabs with the 4 vertical holes on your new PRP seat mounts.
5. Enjoy your new PRP Suspension Seats!
